FOR IMMEDIATE RELEASE

Celebrate St. Patrick's Day with Hydra Weaponry's Storewide 20 Percent Off Sale

Discounts are available now through March 21, 2025, on all products, including MARCK-15 Rifles, the BMP-23, and the new Grease Gun Magwells..

Hermon, Maine (March 2025) – Hydra Weaponry, Maine's largest firearms employer, designers, and manufacturers of the truly modular MARCK-15 Hydra® Weapon System, is thrilled to announce its exclusive St. Patrick's Day sale. From now through March 21, 2025, customers can save 20 percent off [storewide](#), making this the perfect time to upgrade your collection with Hydra's latest and most popular firearms.

This limited-time sale includes the new [HYDRA® H3 \(Grease Gun\) Modular Magazine Well](#). A tribute to the legendary M3 Grease Gun, the H3 seamlessly integrates into Hydra's advanced modular weapon system. Designed to accept Grease Gun-style magazines, the HYDRA H3 45ACP mag well is built for adaptability, working not only with Hydra's proprietary systems but also with other manufacturers' upper receivers and the Hydra QCB.

Now is also the time to finally get your hands on the highly anticipated [BMP-23](#), now shipping. The BMP-23 is a 5.56mm pistol that retains the innovative design elements of its predecessor while incorporating modern enhancements. Featuring an 11.5" chrome-moly barrel and an AK-47-style gas piston operating system, the BMP-23 delivers reliability and performance in a compact, lightweight aluminum and steel construction weighing just 5.2 lbs. Built-in iron sights and a unique 40-degree swivel design allow for seamless right- or left-hand operation.

What collection would be complete without the backbone of Hydra Weaponry's innovation, the [MARCK-15 Hydra Modular Rifle System](#). This quick-change caliber platform allows users to easily swap barrels, bolt and bolt carrier, and magazine wells without tools. This system enables shooters to switch from 5.56mm to .300 Blackout, 9mm, .308, and beyond, making it one of the most versatile rifle systems on the market today.

For those looking to expand their Hydra platform or invest in a truly adaptable firearm system, this sale presents an unmatched opportunity to save big on cutting-edge modular weaponry.

About Hydra Weaponry:

Headquartered in Maine, [Hydra Weaponry](#) has 50 years of firearms innovation in its DNA. Starting with the development of the Bushmaster pistol, rifle, and submachine gun, the Gwinn family has set a high standard of designing innovative firearm platforms built around the actual needs of tactical operators, often fighting in extreme conditions and environments. The MARCK-15 Hydra Modular Weapons System is the ultimate modular platform that designer Mack Gwinn, Jr. created to meet the criteria of modularity, durability, consistent performance, accuracy, and affordability. Hydra Weaponry is the future of small arms.
