## Tasmanian Tiger® Introduces the TT Modular Medic Pack 38

*New 38-Liter modular backpack delivers unmatched organization and comfort for tactical and emergency medic personnel.*

Knoxville, Tenn. (April 2025) – [Tasmanian Tiger®](http://www.tasmaniantigerusa.com), a tactical nylon line of products distributed exclusively for the US market by Proforce Equipment, Inc., proudly announces the launch of [the TT Modular Medic Pack 38](#). Designed for emergency medics and tactical operators, this high-capacity, fully modular backpack offers exceptional organization, accessibility, and carrying comfort for critical situations.

Featuring 38 liters of storage, the TT Modular Medic Pack 38 is engineered to accommodate a full range of medical supplies with two front pockets, a large lid compartment for extra storage, and a fully expandable main compartment. Six hook-and-loop fastened transparent pouches inside allow for rapid identification and retrieval of essential gear.

Built for performance and durability, the pack utilizes CORDURA® 700 den fabric (Multicam version in 500 den) for superior abrasion resistance. The padded back carrying system ensures ergonomic support while the removable 38mm (1.5in) webbing hip belt provides additional stability for heavy loads.

Weighing 7.5 lbs. (120oz.) and measuring 24 x 11 x 8 inches (61 x 28 x 20cm), the TT Modular Medic Pack 38 is built for those who demand reliability in the field. Whether in the military, law enforcement, or emergency response roles, this pack delivers the flexibility and ruggedness needed for high-stress environments. Available in Black, Olive, and Coyote for an MSRP of \$529. Multicam available for an MSRP of \$589.

## **About Tasmanian Tiger®**

Tasmanian Tiger®, a division of Tatonka GmbH, is an international brand founded in 1999 to provide user-design-driven nylon products to elite warfighters and law enforcement in Europe, Asia, and now North America. From prototype to production, all products are manufactured in the company's own facilities, thus ensuring a consistently high level of quality throughout the production processes. All products are quality-checked before leaving the facility and checked regularly by independent international test centers.
