Tasmanian Tiger® Launches New TT MEDIC CONTAINER for Military Field Hospital Operations

Durable 50L medical transport system designed to organize and deploy lifesaving gear in demanding environments.

Knoxville, Tenn. (June 2025) – [Tasmanian Tiger®](http://www.tasmaniantigerusa.com), a tactical nylon line of products distributed exclusively for the US market by Proforce Equipment, Inc., is proud to announce the release of its newest professional-grade medical transport solution: the [TT MEDIC CONTAINER](#). Developed with direct feedback from military medical professionals, this 50-liter modular system is engineered to streamline the transport, storage, and access of essential medical supplies in field hospital settings.

Designed specifically for the fast-paced and high-stakes conditions of deployed medical environments, the TT MEDIC CONTAINER features two linked modules that can be hung quickly using integrated hooks, keeping vital gear visible and accessible. The system includes eight detachable pouches of varying sizes to accommodate a wide range of medical equipment. Constructed from rugged CORDURA® 500 Denier and 420 HD Nylon, the TT MEDIC CONTAINER offers long-term durability and reliable performance in any environment.

A carry handle and detachable shoulder strap provide multiple carry options, whether transporting by hand or over the shoulder. With a generous 50-liter capacity, this transport set is purpose-built for organization, mobility, and rapid deployment.

The TT MEDIC CONTAINER weighs 136 oz. / 8.5 lbs. and measures 20 x 20 x 12 in. / 51 x 51 x 30.5 cm. It is available in Black, Olive, and Coyote for an MSRP of \$589.00.

About Tasmanian Tiger®

Tasmanian Tiger®, a division of Tatonka GmbH, is an international brand founded in 1999 to provide user-design-driven nylon products to elite warfighters and law enforcement in Europe, Asia, and now North America. From prototype to production, all products are manufactured in the company's own facilities, thus ensuring a consistently high level of quality throughout the production processes. All products are quality-checked before leaving the facility and checked regularly by independent international test centers.
