FOR IMMEDIATE RELEASE

## Hydra Weaponry Stripped Lower Receiver July 4<sup>th</sup> Sale Extended to July 30<sup>th</sup>

*Now through July 30<sup>th</sup>, customers and dealers can take advantage of this amazing sale for Hydra stripped lower receivers for only \$29.95.*

**Hampden, Maine (July 2025)** – [Hydra Weaponry](http://Hydra Weaponry), Maine’s largest firearms employer, designer, and manufacturer of the truly modular Hydra® Weapon System, launched an unprecedented, online July 4<sup>th</sup> sale with drastically reduced pricing on their American-made [stripped lower receivers](#).

The sale continues online until July 30<sup>th</sup>, and dealers may participate in this special offering, as well. The sale price of \$29.95 is \$95.05 less than the MSRP online. When the lower stripped receiver is mated to one of the many Hydra Mag Wells, the unit will attach not only to any Hydra Quick Change Barrel upper, but to most other AR uppers.

“Since we launched the new website with the very user-friendly shopping cart and FFL system, we have seen a welcome uptick in successful orders. With our July 4<sup>th</sup> sale underway, we have seen many first-time buyers and AR DIY builders purchase one, two, or three of these at a time. We realized that for dealers, this is not to be missed opportunity for them to check out our Hydra system,

and take advantage of this special pricing also,” Mack Gwinn, CEO of Hydra Weaponry, explained.

The stripped lower receiver is made from 775 aluminum for its lightweight capabilities and strength. Coated with MIL-SPEC hard-coat black anodizing, Hydra’s stripped lower receiver is built to withstand tough environmental and shooting conditions.

For customers who want to maximize the only truly modern modular rifle platform, [Hydra’s Ultimate Stripped Lower Package](#)

allows buyers to select any three mag wells while receiving a discount of over \$100. Supplies are limited, and all discounts are valid until July 30, 2025,

online only. FFL required (experience the ease of Hydra’s shopping cart FFL Finder).

#### **About Hydra Weaponry:**

Headquartered in Maine, [Hydra Weaponry](#) has 50 years of firearms innovation in its DNA. Starting with the development of the Bushmaster pistol, rifle, and submachine gun, the Gwinn family has set a high standard of designing innovative firearm platforms built around the actual needs of tactical operators, often fighting in extreme conditions and environments. The Hydra-15 Modular Weapons System is the ultimate modular platform that designer Mack Gwinn, Jr. created to meet the criteria of modularity, durability, consistent performance, accuracy, and affordable. Hydra Weaponry is the future of small arms.
