FOR IMMEDIATE RELEASE

Tasmanian Tiger® Expands Waterproof Line with TT Sentinel 35 WP Backpack and TT Tac Pouch 1 WP

New mission-ready gear delivers reliable IP64-rated protection for operators, professionals, and outdoor enthusiasts.

Knoxville, Tenn. (September 2025) – [Tasmanian Tiger®](http://www.tasmaniantigerusa.com), a tactical nylon line of products distributed exclusively for the US market by Proforce Equipment, Inc., is proud to announce the release of two new waterproof solutions designed to keep mission-essential gear dry and protected: the TT Sentinel 35 WP backpack and the TT Tac Pouch 1 WP. Both products are engineered with IP64-rated waterproofing, rugged CORDURA® 500 denier nylon, and roll-top closures to deliver uncompromising durability and weather protection in the field.

The [TT Sentinel 35 WP](#) is a waterproof mission backpack offering 35 liters of volume in a streamlined design built for light yet bulky equipment. Featuring a roll-top closure, padded back carrying system, and two full perimeter compression straps, the TT Sentinel 35 WP ensures comfort and stability while maintaining a watertight seal. Additional customization comes from laser-cut MOLLE side panels and a webbing system on the front for attaching extra gear. Constructed with sealed seams, the pack remains waterproof up to 10,000 mm, keeping equipment safe in unpredictable conditions.

The TT Sentinel 35 WP weighs 54 oz. / 3.4 lbs. and measures 23 x 10.75 x 7 in. / 58.5 x 27.3 x 17.8 cm. It is available in Black and Olive for an MSRP of \$219.00.

The [TT Tac Pouch 1 WP](#) is a compact, waterproof pouch designed for electronics, cameras, and other sensitive gear. With a roll closure featuring a side release buckle and a removable padded main compartment, it provides a secure storage option that attaches easily to belts or backpacks via the reverse MOLLE system. Like the TT Sentinel 35 WP, it's crafted from waterproof CORDURA with sealed seams and IP64-tested protection against dust and splashing up to 10,000 mm.

The TT Tac Pouch 1 WP weighs 11 oz. / 312 g. and measures 7.9 x 8.25 x 4.2 in. / 20 x 21 x 10.5 cm. It is available in Black and Olive for an MSRP of \$89.95.

Operators and professionals can't afford to worry about their gear failing in wet or rugged environments. The TT Sentinel 35 WP and TT Tac Pouch 1 WP deliver waterproof load carriage solutions that balance protection, functionality, and mission-ready performance.

About Tasmanian Tiger®

Tasmanian Tiger®, a division of Tatonka GmbH, is an international brand founded in 1999 to provide user-design-driven nylon products to elite warfighters and law enforcement in Europe, Asia, and now North America. From prototype to production, all products are manufactured in the company's own facilities, thus ensuring a consistently high level of quality throughout the production processes. All products are quality-checked before leaving the facility and checked regularly by independent international test centers.
