Big Horn Armory (BHA) and Wyoming Tactical Firearms (W.T.F) to Exhibit at Laramie County Sportsman's Expo

Free, hands-on range time of BHA's big-bore tactical firearms and W.T.F.'s suppressor line will take place in Cheyenne, Wyoming, March 6 – 8, 2026.

The BHA Model 89 Black Thunder Tactical Lever Gun featuring the W.T.F. Barron Suppressor.

Cody, Wyo. (February 2026) – [Big Horn Armory \(BHA\)](http://www.bighornarmory.com), makers of big-bore firearms, will partner with [Wyoming Tactical Firearms \(W.T.F\)](http://www.wyomingtacticalfirearms.com) for [the Laramie County Sportsman's Expo Presented by Bish's RV](http://www.bishrv.com), March 6 – 8, 2026, at the Laramie County Event Center, 3801 Archer Parkway, Cheyenne, Wyoming, 82009. In addition to exhibiting their lines of big-bore tactical firearms and suppressors, BHA and W.T.F. will host live fire range time for attendees to test out select products at 13802 Bullseye Blvd., Cheyenne, Wyoming, 82009.

The free, family-friendly event features a wide range of vendors, gear, and expert resources for hunters, anglers, campers, and outdoor enthusiasts. At the expo, BHA will showcase its [Tactical Takeover lineup](#), including the Model 89 Black Thunder Tactical Lever Gun, SpikeDriver Tactical Lever Action Rifle, Model 89 White Lightning Tactical Lever Gun, and the [Model 89 Take Down Tactical Rifle](#).

Built from 17-4 stainless steel and engineered to handle the powerful .500 S&W Magnum cartridge, the Model 89 platform combines classic American lever-action heritage with modern CNC precision manufacturing. Tactical configurations feature a 16-inch threaded barrel with muzzle brake, scout scope rail, M-LOK fore end tip, aperture rear and fiber optic front sights, and a large, curved lever designed for ease of use with gloved hands. Chambered in .500 S&W Magnum, these rifles accommodate bullet weights ranging from 200 grains to 700 grains, offering versatility suitable for a wide range of North American and international big game applications.

The BHA Model 89 Take Down Tactical Rifle featuring the W.T.F. Barron Suppressor.

BHA will also highlight at its booth and on the range its [AR500 Next Gen Rifle and Pistol platforms](#) chambered in 500 Auto Max, a proprietary cartridge developed to deliver significant power in a semi-automatic AR platform.

“We’re excited to connect directly with our local community and give folks the opportunity to get hands-on with our rifles,” said Greg Buchel, owner of Big Horn Armory. “There’s no substitute for seeing and shooting these firearms in person. Whether you’re a seasoned hunter or new to big-bore platforms, this is a chance to experience the performance and craftsmanship that set Big Horn Armory apart.”

The Barron
50 Caliber NON-BMG
Length: 9.9”
Diameter: 1.825”
21 OZ (SS) 16 OZ (TI)
Designed Specifically for
50 Beowulf®, 500 S&W
500 Auto Max

W.T.F. SILENCERS
Wyoming Tactical Firearms

The advertisement features a black cylindrical suppressor standing vertically against a background of an American flag. Below the suppressor is a logo consisting of a bull's head surrounded by stars, with the text 'W.T.F. SILENCERS' and 'Wyoming Tactical Firearms' below it.

W.T.F. is exhibiting alongside BHA at the expo with its full line of suppressors and will bring its [Barron Suppressor](#) for attendees to test at the range, as well as display at the booth. The Barron is engineered for non-BMG .50 caliber cartridges, including .45-70 Government, .450 Bushmaster, .458 SOCOM, .50 Beowulf, .500 S&W Magnum, and .500 Auto Max. The fully welded suppressor features a universal 1.375”-24 TPI (HUB) thread pattern and includes one direct thread adapter.

Measuring 9.9 inches in length with a 1.825-inch diameter, the Barron weighs 21 ounces in stainless steel and 16 ounces in titanium. When paired with a 16-inch BHA Model 89 chambered in .500 S&W

Magnum firing 500 S&W subsonic ammunition, the Barron has metered at 112.29 dB at the shooter's ear. The suppressor is finished in V-Series Cerakote for durability in demanding field conditions.

"Our goal is to provide high-performance suppressors built right here in Wyoming," said Joshua Kinderknecht, owner of W.T.F. "The Sportsman's Expo gives people a chance to see, handle, and hear the difference for themselves. We're proud to stand alongside Big Horn Armory and support American manufacturing at every level."

Live fire range days, where attendees will have the ability to fire the BHA and W.T.F products, will occur at the following times:

- March 6: 3 – 5 pm (show hours 1 – 6 pm)
- March 7: 11 am – 1 pm (show hours 10 am – 6 pm)
- March 8: 1 – 3 pm (show hours 10 am – 4 pm)

BHA will have rifles available for purchase at the event, as well as the ability to place orders in person.

The Laramie County Sportsman's Expo is free and open to the public. Additional event information is available at www.laramiecountyevents.com/sportsmansexpo.

About Big Horn Armory:

Big Horn Armory was founded in 2008 with the expressed intention of designing a Browning-type lever-action gun chambered in 500 Smith & Wesson Magnum. The Big Horn Armory Model 89, made in America, closely follows the work of John Browning with refinements courtesy of modern metallurgy and machining capabilities. The first rifles began shipping in September of 2012, and since then, BHA has added to its big bore lineup with a Model 90 Carbine in 460 S&W, the Model 90A in 454 Casull, the Model 90B in .45 Colt, the Model 89A in 500 Linebaugh, and the Model 89B in .475 Linebaugh. In 2017, Big Horn Armory took a departure from its lever-action series and developed the AR500 Auto Max, the most powerful short-range, semi-automatic based on an AR .308 platform. www.bighornarmory.com

About Wyoming Tactical Firearms:

Wyoming Tactical Firearms is dedicated to delivering premium, American-made products and services with a focus on quality and innovation. W.T.F. Silencers are designed and manufactured in Cody, Wyoming, and engineered to tame high-powered, non-BMG .50 caliber ammunition while supporting domestic manufacturing. <https://wtfsilencers.com/>
