

FOR IMMEDIATE RELEASE

Tasmanian Tiger® Modular Grab Pack 30 Delivers Mission-Ready Organization in a Compact Short-Range Platform

30-liter escape and survival pack combines a fully modular interior, detachable harness system, and durable CORDURA® construction.

Knoxville, Tenn. (March 2026) – [Tasmanian Tiger®](https://www.tasmaniantigerusa.com), a tactical nylon line of products distributed exclusively for the US market by Proforce Equipment, Inc., announces the release of the [TT Modular Grab Pack 30](#), a short-range escape and survival backpack engineered to provide rapid access, adaptable organization, and rugged durability in a 30-liter platform. Designed for operational professionals and prepared civilians alike, the TT Modular Grab Pack 30 features a two-chamber layout with two large, fully opening compartments. All-around zippers allow both compartments to open completely, providing unobstructed access to gear when time is critical.

The front compartment integrates four removable hook-and-loop inner pockets with transparent lids in varying sizes, along with flat organizer pockets in the lid for streamlined storage of smaller essentials. Flat front pockets provide space for documents and other slim items. In the rear compartment, a

large hook-and-loop panel and two MOLLE strips on the back wall enable mission-specific configuration with compatible pouches and accessories.

The pack utilizes Tasmanian Tiger's Y2 Carrying System, offering a padded, adjustable harness that can be tailored to the user's back length. Shoulder straps are fully detachable, and the height-adjustable chest belt and detachable waist belt with pin buckle provide load stabilization when required. The ability to remove the shoulder straps and waist belt allows the pack to be stowed efficiently in vehicles or integrated into larger loadouts.

Additional features include three carry handles for rapid grab-and-go deployment; hydration system compatibility; hanging loops; a daisy chain and MOLLE loops on the front and base for external pouch attachment; and

a hook-and-loop panel for patches and identification. An adjustable strap with buckle permits temporary closure of the rear compartment while the pack is open and suspended. A reversible rain cover with marker system is included for weather protection and identification.

Constructed from CORDURA 700-den fabric (500 den in Multicam), the TT Modular Grab Pack 30 is built for durability in demanding environments. It weighs 5.13 lbs. / 2.33 kg and measures in at 20 x 12 x 8 in. / 50 x 30 x 20 cm. It is available in Black, Olive, and Coyote for an MSRP of \$449, while the Multicam is available for an MSRP of \$499.

About Tasmanian Tiger®

Tasmanian Tiger®, a division of Tatonka GmbH, is an international brand founded in 1999 to provide user-design-driven nylon products to elite warfighters and law enforcement in Europe, Asia, and now North America. From prototype to production, all products are manufactured in the company's own facilities, thus ensuring a consistently high level of quality throughout the production processes. All products are quality-checked before leaving the facility and checked regularly by independent international test centers.
