FOR IMMEDIATE RELEASE

Caracal USA® Awarded Government Contract in Belize for CAR814 A2 Patrol Rifles

The agreement further strengthens Caracal USA®'s presence and partnerships across the Caribbean region.

Nampa, Idaho (March 2026) – [Caracal USA®](http://www.caracalusa.com), a leading U.S.-based manufacturer of small arms for the law enforcement and defense markets, announced today that it has been awarded a new supply contract with various government agencies in Belize for the [CAR814 A2 Patrol rifle](#). The award highlights the continued recognition of Caracal USA's firearm platforms among government and security organizations throughout the Caribbean region.

Chambered in 5.56x45mm NATO, the CAR814 A2 Patrol is a centerfire, direct impingement gas-operated tactical rifle engineered and manufactured in accordance with NATO standards. Designed specifically for military and law enforcement users, the platform incorporates high-quality components, advanced engineering, and state-of-the-art manufacturing processes to deliver a durable, reliable, and accurate weapon system built to exacting tolerances.

This contract further demonstrates Caracal USA's growing footprint in international markets and its commitment to providing trusted, mission-ready weapon systems to allied partners and professional end users.

"Working with our Caribbean regional representatives, I.I. & E, Caracal USA products have become well known with the government agencies of Caribbean nations," said Jeffrey Spalding, CEO and President of Caracal USA. "Our dedication to safety, reliability, and durability continues to showcase the quality of Caracal USA weapon systems and has allowed the opportunity to compete in tender solicitations and be awarded supply contracts for new modern weapon systems to Belize."

Caracal USA continues to expand its international partnerships while supporting the operational needs of military and law enforcement professionals worldwide.
