FOR IMMEDIATE RELEASE

Tasmanian Tiger® to Exhibit New Products at SOMA 2026

Tasmanian Tiger® will display new medic products for tactical law enforcement, military, and field medics at SOMA 2026 in Booth 232 in Raleigh, North Carolina, April 27 – May 1, 2026.

Knoxville, Tenn. (April 2026) – [Tasmanian Tiger®](http://www.tasmaniantigerusa.com), a tactical nylon line of products distributed exclusively for the US market by Proforce Equipment, Inc., will exhibit at [SOMA 2026](http://www.soma2026.com), to be held April 27 – May 1, 2026, at the Raleigh Convention Center in Raleigh, North Carolina. Attendees can visit Tasmanian Tiger at Booth 232 to explore the brand’s latest innovations designed for tactical law enforcement, military, SWAT, and field medics.

“Tactical EMS professionals don't get second chances, and neither do their tools. This year's lineup, from the TT First Responder 50 to the new TT Tourniquet Pouch III, represents Tasmanian Tiger's ongoing commitment to gear that performs when it matters,” said Richard Lewis, President and CEO of Proforce Equipment, Inc. “We're excited to bring these products to SOMA and connect with the professionals who rely on this gear in the most critical moments.”

The 2026 lineup reflects Tasmanian Tiger’s continued commitment to highly functional, user-driven design engineered to meet the evolving demands of tactical professionals. Several new products will be on display, including:

- [TT First Responder 50](#) (MSRP \$649 - \$799)
A large paramedic backpack featuring a highly functional interior layout with removable pouches, a removable Tegriss® panel with hook & loop, and elastic loops for customized medical organization. Designed for efficient vehicle storage, the pack is compatible with the separately sold [TT Side Pocket 17](#) for expanded external storage.
- [TT Rescue Pouch](#) (MSRP \$69.95)

A small rescue medic pouch with various compartments and elastic loops for loading medic equipment and supplies. Hook & loop panel on the back for fixation within larger TT backpacks, medic packs, and medic bags.

- [TT Tourniquet Pouch III](#) (MSRP \$29.95 - \$34.95)

A tourniquet pouch with all-round hook & loop fastening for the wide Tactical Mechanical Tourniquet (TMT™) from Combat Medical®. It features four loop options for individual attachment.

SOMA is the only medical association in the world that brings together the unique blend of prehospital, tactical, wilderness, austere, disaster, and deployed medicine. SOMA 2026 provides the opportunity for military and civilian medical providers, academia, and industry partners from around the world to meet and exchange ideas. It is the largest gathering of SOF medical providers in the world that includes U.S. military, foreign military, domestic tactical law enforcement, and tactical EMS providers.

About Tasmanian Tiger®

Tasmanian Tiger®, a division of Tatonka GmbH, is an international brand founded in 1999 to provide user-design-driven nylon products to elite warfighters and law enforcement in Europe, Asia, and now North America. From prototype to production, all products are manufactured in the company's own facilities, thus ensuring a consistently high level of quality throughout the production processes. All products are quality-checked before leaving the facility and checked regularly by independent international test centers.
