Cimarron Firearms Showcases 250th Commemorative Frontier Rifle at NASGW

Distributors can see the limited-edition flintlock at Booth 630 in Phoenix, Arizona, Oct. 13 – 15, 2026.

Fredericksburg, Texas (October 2026) – [Cimarron Firearms](http://CimarronFirearms.com), the premier name in authentic Old West firearm replicas, will showcase its limited-edition 250th Commemorative Frontier Rifle at the [2026 NASGW Annual Meeting & Expo](http://2026NASGWAnnualMeetingExpo.com), Oct. 13 – 15, 2026, at the Phoenix Convention Center in Phoenix, Arizona. Distributors can find the company in Booth 630, Halls A – D.

The [250th Commemorative Frontier Rifle](#) marks America's 250th anniversary and honors the Overmountain Men, frontier militiamen from what would become Tennessee, Virginia, and the Carolinas. Their victory over Loyalist forces at the Battle of Kings Mountain on Oct. 7, 1789, turned the tide of the Revolutionary War's Southern campaign.

The flintlock muzzleloader is built on a figured maple stock with brass furniture. The left side carries a brass Liberty Bell plate inscribed "Let Freedom Ring," and the brass patch box features a Betsy Ross flag, crossed sabers, a pair of galloper cannons, and the dates "1776 – 2026." The rifle is offered in .45 and .50 caliber.

“The frontier rifle was what farmers, hunters, and militiamen carried when this country fought for its independence,” said Mike Harvey, founder and president of Cimarron Firearms. “America only turns 250 once. This rifle gives our distribution partners a true once-in-a-lifetime piece to put in front of collectors and black powder shooters, and we look forward to showing it to them in Phoenix.”

Unlike larger trade shows, the expo’s buyers are exclusively distributors who supply dealers and retailers, giving manufacturers focused time to discuss products, sales programs, and pricing. In addition to the commemorative rifle, the Cimarron team will be on hand to discuss its full line of authentic Old West revolvers, rifles, shotguns, and gun leather, along with distribution programs.
